ABOUT US

OZWHEEL is a Dammam-based supplier of truck and heavy equipment spare parts, serving the Kingdom of Saudi Arabia's transport and logistics sector. We specialise in sourcing and distributing reliable mechanical parts, from brake pads and air filters to turbochargers, injectors, and gaskets for trucks and heavy machinery that keep goods and industries moving. Every part we supply is selected for premium quality, ensuring durability and performance under real working conditions. Our comprehensive inventory covers a wide range of spare parts for trucks and heavy equipment, so customers can find what they need in one place. We understand that downtime costs money, which is why we prioritise fast and reliable delivery on every order. And behind every order is our team of experts, ready to support customers in identifying the right part for their vehicle or equipment, backed by hands-on industry knowledge and a genuine commitment to keeping our clients' operations running smoothly.

WE DEAL IN GLOBALLY TRUSTED BRANDS

Mercedes-Benz

We proudly source and supply high-quality spare parts from the world's leading truck and heavy equipment brands. Quality you can trust. Performance you can rely on.
